BIRD ROOKERY SWAMP WILDLIFE CHECKLIST

DATE _____

In Bird Rookery Swamp, you are a guest in the wildlife's home, so please treat all wildlife with the same respect you would treat any host that was kind enough to invite you in to its home.

Each species in this checklist has been documented in Bird Rookery Swamp by FWC biologists, SFWMD staff, and/or CREW Trust volunteer naturalists.

Some species are year-round residents; others are only present during certain portions of the year. Some are nocturnal; others are active during the day.

There is no guarantee that you will see any of these species, but your chances are best if you are quiet, listen carefully, and move slowly.
